SOLIDARITY THROUGH A DIGITAL VIEW

Solidarity through a digital view: through its participation the volunteer will contribute to the development of a solidarity community. Activities under this project will focus on the use of digital technology, which means that an international volunteer will gain some skills and knowledge of using digital equipment. The use of cameras and digital cameras on a daily basis during almost all activities will require a basic knowledge of the use of the equipment, but most of all, a desire to further improve the use of technology.

Trains and buses run every day, so whenever you're in the mood for a livelier atmosphere, it's always within reach. But Zagreb isn't the only option. The surrounding area offers plenty of destinations for day trips, from hiking and cycling to exploring the countryside. If you enjoy outdoor activities, you'll find no shortage of opportunities here.
